

IB DP students must take 6 IB DP Subject Courses in addition to Theory of Knowledge. They must take at least 3 SL group courses and 3 HL group courses (see DP groups below).

Non-arts students must take another DP course to fill in for the 6th required subject group. Many NAHS DP students take IB Business/Management (one-year course)

Students can double up in either science or language if that is their preference. Each DP student schedule is individualized to meet the student's needs and preferences.
